

## DCCA Construction Academy

### City & Guilds Level 2 Technical Certificate in Plastering

*Level 2 technical certificate = This is a 1 A level course*

This Level 2 Technical Certificate in Plastering is aimed at you if you are looking to work in the construction industry specifically as a craftsperson in plastering.

You will gain an understanding of the skills and knowledge that are important when you are working as a plasterer or progressing to further learning and training in this area.

Following successful completion of this qualification you will be qualified to work in the construction industry as a plasterer.

Students will be working with local companies that will enable them to have a better understanding of the trade and its importance within the construction industry, and they will also have the opportunity at the end of the course to begin apprenticeship programmes which can lead into full time employment.

#### Course Units

##### MANDATORY UNITS:

Health, safety and welfare in construction,  
Principles of building construction, information and communication,  
Applying plastering materials to interiors.

##### ADDITIONAL TOPICS:

laying floor screed systems,  
Installing direct bond and taping and jointing,  
Applying plastering materials to external backgrounds
